

FMBGFK22 – Boost Gauge Fitting Kit for VAG 1.5 TSI (2022 onwards)

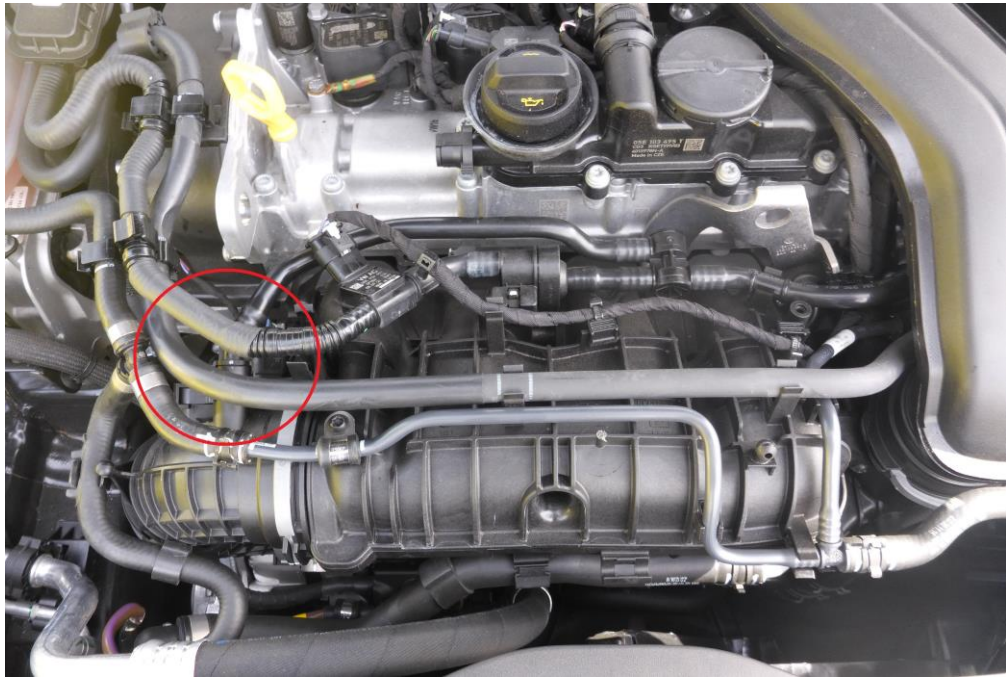

Please thoroughly read through and familiarise yourself with these instructions in their entirety prior to beginning any part of the installation process of any component. Please also ensure the vehicle and engine has cooled down sufficiently to avoid risking possible skin burns or other injury.

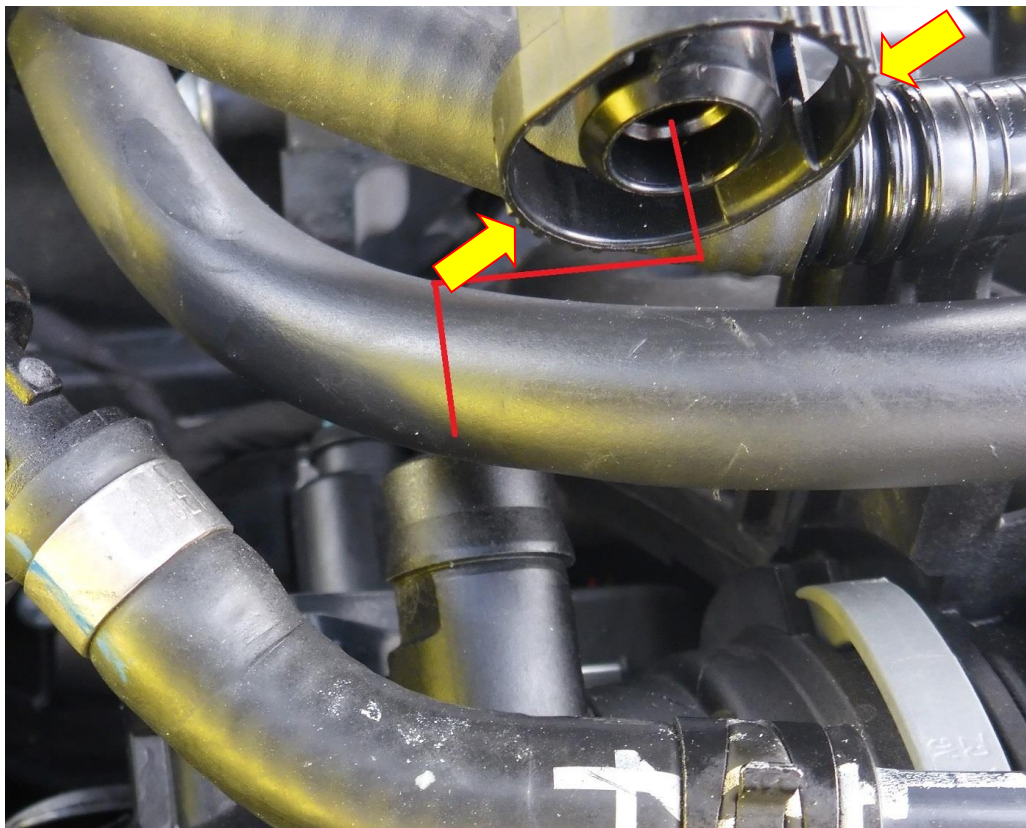

No tools required

Engineered for performance

1. Open bonnet. Remove engine cover and locate the vacuum connector circled below

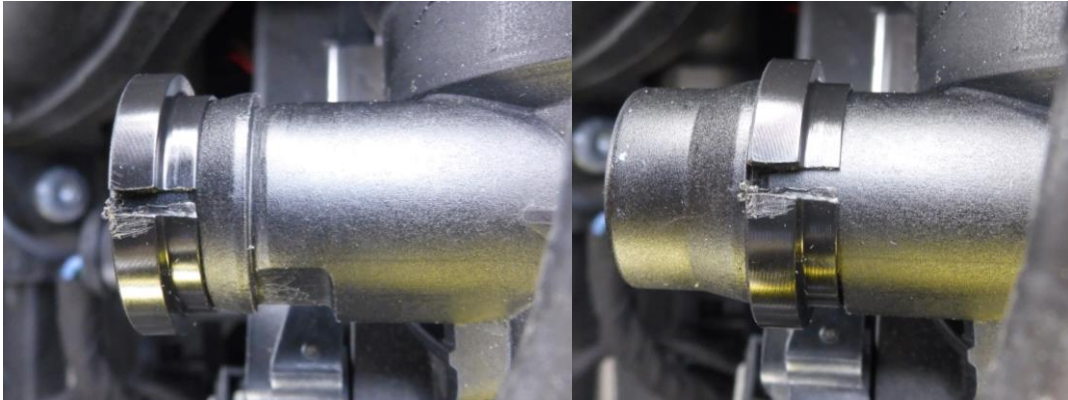

2. Squeeze the connector and disconnect.

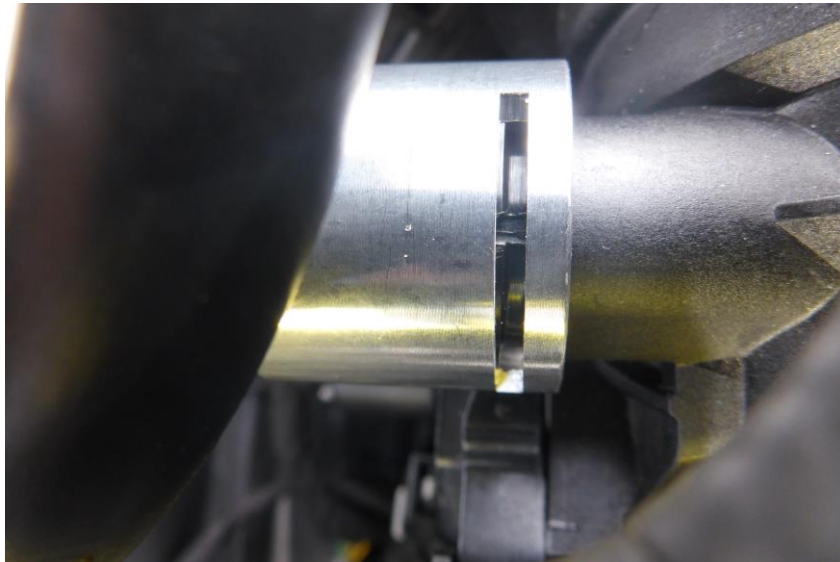

Engineered for performance

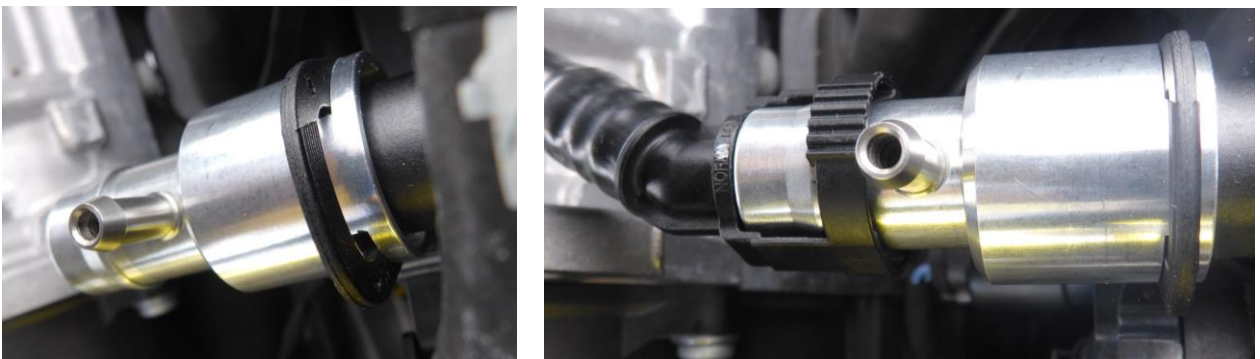

3. Take the supplied split sleeve and slide it over the taper on the pipe

4. Push the supplied adapter over the pipe ensuring the slot is over the split sleeve

5. Fit the supplied horseshoe shaped clip and refit the vacuum connector.

Engineered for performance

6. This is now ready for your valve or boost guage to be plumbed in.
